Dear Shareholder,

### **Capital Reorganisation, Placing of 912,000,000 New Ordinary Shares, Subscriptions for 88,000,000 New Ordinary Shares, Retail Offer for up to 200,000,000 New Ordinary Shares all at 0.5 pence per Ordinary Share and Notice of General Meeting**

### **Introduction**

On 15 September 2023, the Company announced that it had conditionally raised approximately £5 million before expenses through the Placing and Subscriptions by the issue of 1,000,000 000 New Ordinary Shares at a price of 0.5 pence per share.

The Board recognises and is grateful for the continued support received from Shareholders and is pleased to offer retail Shareholders the opportunity to participate in the Fundraising through the BookBuild Platform to raise a maximum of £1 million (assuming full take up of the Retail Offer) through the issue of up to 200,000,000 New Ordinary Shares at the Issue Price.

The Placing is conditional on, *inter alia*, the Resolutions being passed by the Shareholders at the General Meeting (and consequently the Capital Reorganisation being approved by the Shareholders at the General Meeting), the Placing Agreement becoming unconditional in all respects in relation to the Placing and not having been terminated in accordance with its terms and Admission becoming effective. The New Ordinary Shares and the Open Offer Shares will be issued and allotted pursuant to the Shareholder allotment authorities to be obtained at the General Meeting.

Subject to Shareholder approval of the Resolutions at the General Meeting, application will be made for the Existing Adjusted Ordinary Shares and the New Ordinary Shares to be admitted to trading on AIM. It is expected that the Existing Adjusted Ordinary Shares and the EIS/VCT Placing Shares will be admitted to AIM and commence trading at 8.00 a.m. on 4 October 2023 and that the General Placing Shares will be admitted to AIM and commence trading at 8.00 a.m. on 5 October 2023. Assuming the Resolutions are passed by Shareholders at the General Meeting, each of the EIS/VCT Placing Shares and the General Placing Shares will, on EIS/VCT Admission and General Admission (respectively), rank *pari passu* in all respects with the Existing Adjusted Ordinary Shares and will rank in full for all dividends and other distributions declared, made or paid on the New Ordinary Shares after the relevant Admission.

The Fundraising consists of the Placing, the Subscription and the Retail Offer and will raise £6 million in aggregate, assuming full take up of the Retail Offer.

The Placing is being conducted in two tranches; the placing of the EIS/VCT Placing Shares intended to qualify for the purpose of EIS or VCT investment and the placing of General Placing Shares not intended to qualify for the purpose of EIS or VCT investment.

The Fundraising is conditional upon, among other things, Shareholders approving the Resolutions at the General Meeting, compliance by the Company in all material respects with its obligations under the Placing Agreement and the occurrence of Admission.

The Issue Price represents a discount of approximately 35 per cent. to the closing mid-market price of 0.78 pence per Existing Ordinary Share on 14 September 2023, being the latest practicable date prior to the announcement of the Fundraising.

**The purpose of this document is to provide you with information about the background to and the reasons for Proposals, to explain why the Board considers the Proposals to be in the best interests of the Company and its Shareholders as a whole and why the Directors recommend that you vote in favour of the Resolutions to approve the Proposals.**

**A notice convening the General Meeting to approve the Resolutions is set out at the end of this document.**

### **Background to and reasons for the Fundraising and Use of Proceeds**

During the course of FY23 the Company has focused on the five key markets capable of yielding commercial scale revenues in the shortest possible timeframe, namely functionalised nano-materials for third party applications, heating inks and fluids; sensor devices, composites and silicon carbide tooling. The Company has continued to build partnerships with strategic partners in each of these areas over the past 12 months and many of these are progressing well with a number of announcements made in recent months in this regard. As a result of the Company's investment in production capability during FY22, Haydale now has the capacity to manufacture functionalised graphene with its HT1400 reactor which is believed to be sufficient to achieve a break-even position at an Adjusted EBITDA<sup>1</sup> level without significant further capital investment. Capacity is subject to continuing optimisation of the reactor, which has been an iterative process during the last year and remains so.

However, as previously reported routes to market have been slower than expected with a number of projects which were expected to start during FY23 slipping into the new financial year. The ongoing losses pending the anticipated growth in revenues towards breakeven together with the full year cost impact of investment in the production capacity and resources necessary to be able to meet customer requirements previously outlined, have continued to deplete cash reserves which stood at £1.38 million at 30 June 2023. Whilst monthly net cash burn is expected to reduce as sales improve, management is taking action to reduce this further with selective cost savings, whilst prioritising the needs of the core business and Group activities in the five key markets referred to above. Accordingly the Company is now seeking to raise further capital to fund the Group's ongoing requirements through FY24 which will see continued investment in working capital and the commercial delivery of the business partnerships to which the Company is committed. The Directors anticipate further revenue growth moving towards breakeven in H2 FY25, and that the Group will become Adjusted EBITDA positive in Q2 FY26.

**It is anticipated that the net proceeds of the Fundraising will be insufficient to fund the cash requirements of the Group through to a position where it is able to fund itself from its own cashflow and the Board continues to pursue the possibility of securing additional debt facilities to provide additional liquidity. In the event that such debt facilities were not available or are unavailable in sufficient quantum it is very likely that the Group would need to raise additional equity funding in the future and, whilst the Directors believe that future equity funding would be available, there can be no guarantee that sufficient funds could be raised at a later date. Any additional equity financing may be dilutive to Shareholders.**

The Directors have concluded that proceeding with the Placing and Subscriptions, alongside the Retail Offer, is the most suitable option available to the Company for raising additional funds through the issue of Ordinary Shares and that issuing the Placing Shares and Subscription Shares at the level of discount represented by the Issue Price is fair and reasonable so far as all existing Shareholders are concerned. The Issue Price has been set by the Directors following their assessment of market conditions and following discussions with a number of institutional investors.

## Trading Update and Outlook

FY23 has been characterised by a run of continued progress with key commercial partners. The series of announcements made over the past six months has demonstrated that the Company is seeing real traction with major industry players in its target sectors, including processing raw nano-materials through functionalisation for third parties, progression of business partnerships to take Haydale's products to market in areas such as heating where the Company is working with Cadent Gas Ltd ("Cadent"), and the continuing development of other advanced functional inks that promise both cost effective and more environmentally friendly solutions. This commercial momentum has continued into the new financial year, as illustrated by the announcement of a collaboration agreement with Petronas on 22 August 2023, and is expected to continue, during FY24, FY25, and through Q2 FY26 when the Directors expect the Group to become Adjusted EBITDA positive.

Whilst financial progress during FY23 was slower than expected, as previously reported, with the investment in functionalisation capacity and people over the last two years the Board remains confident that it has the foundations in place to take advantage of the commercial traction that is now starting to manifest in a range of addressable markets offering significant global opportunities.

FY23 closed out in line with revised expectations at the revenue level with revenue of approximately £4.30\* million which represents a 48.3 per cent. increase on prior year revenues, gross profit of approximately £2.39\* million and a loss before interest, tax, depreciation and amortisation ("LBITDA") at £3.44\* million. Capital Expenditure in FY23 was £0.20\* million and year end cash stood at £1.38 million.

FY24 is expected to see revenues continue to build with further progress in our US Silicon Carbide sales, which rebounded strongly in FY23, and good growth in UK revenues as recent commercial wins begin to bear fruit. LBITDA for FY24 is expected to narrow compared to the prior year, reflecting building revenues offset by the annualised impact of inflationary cost pressures within the Group's operating units.

## The Placing

The Company has conditionally raised approximately £5 million (before expenses) by way of a conditional placing by finnCap, as agent to the Company, of 1,000,000,000 New Ordinary Shares at the Issue Price pursuant to the Placing Agreement. The EIS/VCT Placing is conditional, amongst other things, on the passing of the Resolutions, the Placing Agreement not having been terminated and EIS/VCT Admission occurring on or before 8.00 a.m. on 4 October 2023 (or such later date as finnCap and the Company may agree being not later than 8.00 a.m. on 31 October 2023). The General Placing is conditional, amongst other things, on the passing of the Resolutions, the Placing Agreement not having been terminated, EIS/VCT Admission having occurred and General Admission occurring on or before 8.00 a.m. on 5 October 2023 (or such later date as finnCap and the Company may agree being not later than 8.00 a.m. on 31 October 2023).

Under the terms of the Placing Agreement Cavendish, as agent for the Company, has agreed to use its reasonable endeavours to procure Placees for the Placing Shares and to co-ordinate the offering of the Retail Shares, in each case at the Issue Price. The Company has given certain customary warranties to Cavendish in connection with the Placing, the Retail Offer and other matters relating to the Company and its business. In addition, the Company has agreed to indemnify Cavendish in relation to certain liabilities it may incur in undertaking the Fundraising. Cavendish has the right to terminate the Placing Agreement in certain circumstances prior to Admission, in particular, for a material breach of any of the warranties. The Placing is not being underwritten.

The Placing Shares will be allotted and credited as fully paid and will rank *pari passu* in all respects with the Existing Ordinary Shares, including the right to receive all dividends and other distributions declared, made or paid on or after the date on which they are issued.

## The Subscriptions

Under the Subscriptions, the Company has conditionally raised £0.44 million by the issue of 88,000,000 New Ordinary Shares at the Issue Price.

David Banks, Keith Broadbent, Patrick Carter and Theresa Wallis, have entered into Subscription Agreements to subscribe for in aggregate 8,000,000 Subscription Shares, representing £40,000 at the Issue Price. In addition, Anthony Best and Nicholas Money-Kyrle have subscribed £0.30 million for 60,000,000 Subscription Shares and £0.10 million for 20,000,000 Subscription Shares, respectively.

The Subscriptions are conditional upon (amongst other things) the passing of the Resolutions, the Placing Agreement not having been terminated and EIS/VCT Admission occurring on or before 8.00 a.m. on 4 October 2023 (or such later date and/or time as finnCap and the Company may agree, being no later than 8.00 a.m. on 31 October 2023).

### **Retail Offer**

The Company values its retail shareholder base and believes that it is appropriate to provide eligible retail shareholders in the United Kingdom ("**Eligible Investors**") with the opportunity to participate in the Retail Offer.

Pursuant to the terms of the Retail Offer Intermediaries Agreement, the Company has made the Retail Offer to holders of Existing Ordinary Shares only through Intermediaries via the Bookbuild Platform. Conditional on the Placing being completed and Admission taking effect, of up to 200,000,000 New Ordinary Shares at the Issue Price to raise proceeds of up to £1 million (before expenses). The Retail Offer will, if taken up in full, result in the issue of New Ordinary Shares representing approximately 10.1 per cent. of the Enlarged Issued Share Capital. The Retail Shares, when issued and fully paid, will rank *pari passu* in all respects with the Existing Ordinary Shares.

### **Proposed Capital Reorganisation of Ordinary Shares**

The Company is not permitted by law to issue Ordinary Shares at an issue price which is below their nominal value, currently 2 pence per Existing Ordinary Share. In order to enable the Company to issue shares at an issue price which exceeds their nominal value, the Company is proposing to complete a Capital Reorganisation of the Existing Ordinary Share capital of the Company. Each of the Existing Ordinary Shares will be subdivided into one new Ordinary Share of 0.1 pence each and one Deferred Share of 1.9 pence each.

**The Capital Reorganisation will not of itself affect the value of the shares held by Shareholders. After the Capital Reorganisation there will be the same number of Ordinary Shares in issue as there are Existing Ordinary Shares in issue (prior to completion of the Fundraising) and therefore current shareholdings will not be diluted by the Capital Reorganisation alone, unless the Fundraising (or any other further equity fundraising) is completed by the Company.**

The Existing Adjusted Ordinary Shares will have the same rights as those currently accruing to the Existing Ordinary Shares in issue, including those relating to voting and entitlement to dividends.

The Deferred Shares will have no significant rights attached to them and carry no right to vote or participate in distribution of surplus assets and will not be admitted to trading on the AIM market of the London Stock Exchange plc. Therefore, the Deferred Shares will effectively carry no value.

Assuming Shareholder approval of the Resolutions at the General Meeting referenced below, application will be made for the Existing Adjusted Ordinary Shares to be admitted to trading on AIM in place of the Existing Ordinary Shares and it is expected that Admission will become effective and that dealings in the Existing Adjusted Ordinary Shares will commence on 4 October 2023. No application for admission to trading on AIM will be made in respect of the Deferred Shares.

Assuming Shareholder approval of the Resolutions at the General Meeting, Shareholders who hold Existing Ordinary Shares in uncertificated form will have such shares disabled in their CREST accounts on the Capital Reorganisation Record Date and their CREST accounts will be credited with the Existing Adjusted Ordinary Shares following EIS/VCT Admission, which is expected to take place on 4 October 2023. The ISIN and SEDOL number of the Existing Adjusted Ordinary Shares will be the same as the Existing Ordinary Shares and any share certificates for the Existing Ordinary Shares will remain valid for the Existing Adjusted Ordinary Shares. No share certificates will be issued in respect of the Deferred Shares following the Capital Reorganisation.

Holders of options over Existing Ordinary Shares will maintain the same rights as currently accruing to them and will not be issued with new option certificates.

Resolution 2 in the Notice of General Meeting is proposed to amend the existing articles of association of the Company to set out the rights pertaining to the Deferred Shares relative to the Existing Adjusted Ordinary Shares. Resolution 2 is conditional upon the passing of Resolution 1. A copy of the amended articles of association will be available for inspection throughout the General Meeting.

### Settlement and Dealings

The New Ordinary Shares, when issued, will be fully paid and will rank *pari passu* in all respects with the Existing Adjusted Ordinary Shares, including the right to receive all dividends and other distributions declared, made or paid after the date of issue.

Applications will be made to the London Stock Exchange for admission of the New Ordinary Shares to trading on AIM. It is expected that EIS/VCT Admission will take place on or before 8.00 a.m. on 4 October 2023 and that dealings in the Existing Adjusted Ordinary Shares and the EIS/VCT Placing Shares on AIM will commence at the same time. It is expected that General Admission will take place on or before 8.00 a.m. on 5 October 2023 and that dealings in the General Placing Shares, the Subscription Shares and the Retail Offer Shares on AIM will commence at the same time.

In accordance with the provisions of the Disclosure and Transparency Rules of the FCA, the Company confirms that, immediately following Admission, its issued share capital will comprise 1,985,853,051 Ordinary Shares of 0.1 pence each (assuming full take up of the Retail Offer). All Ordinary Shares shall have equal voting rights and, following the Fundraising, none of the Ordinary Shares will be held in treasury. The total number of voting rights in the Company immediately following Admission will therefore be 1,985,853,051 (assuming full take up of the Retail Offer).

### Participation of the Directors in the Fundraising

As outlined above certain Directors have agreed to subscribe for New Ordinary Shares pursuant to the Fundraising. The number of New Ordinary Shares subscribed for by each Director and their resulting shareholdings upon General Admission are set out below:

Name	Number of Existing Ordinary Shares	Percentage of existing issued share capital	Number of New Ordinary Shares subscribed for	Total number of Ordinary Shares held on Admission	Percentage of Enlarged Share Capital on Admission*
David Banks	5,000,000	0.64%	3,000,000	8,000,000	0.40%
Keith Broadbent	1,952,381	0.25%	3,000,000	4,952,381	0.25%
Patrick Carter	–	–	1,000,000	1,000,000	0.05%
Theresa Wallis	1,011,904	0.13%	1,000,000	2,011,904	0.10%

\*Assuming the Retail Offer is subscribed in full

### Related party transactions

The conditional Subscriptions for New Ordinary Shares by certain Directors as outlined above constitute related party transactions pursuant to Rule 13 of the AIM Rules. Graham Eves as independent director, having consulted with the Company's nominated adviser, Cavendish, considers that the terms of the participation in the Fundraising by David Banks, Keith Broadbent, Patrick Carter and Theresa Wallis is fair and reasonable insofar as the Company's Shareholders are concerned.

### General Meeting

Set out at the end of this document is a notice convening the General Meeting to be held at the offices of Fieldfisher LLP, 9th Floor, Riverbank House, 2 Swan Lane, London EC4R 3TT on 3 October at 11.00 a.m. at which the Resolutions (each of which is conditional on the passing of all other Resolutions) will be proposed for the purposes of implementing the Proposals.

Resolution 1, which will be proposed as an ordinary resolution, is to authorise the 785,853,051 Ordinary Shares of 2 pence each in the issued share capital of the Company being sub-divided into 785,853,051 Ordinary Shares of 0.1 pence each in the capital of the Company and 785,853,051 Deferred Shares of 1.9 pence each in the capital of the Company.

Resolution 2, which will be proposed as a special resolution, is to amend the articles of association to set out the rights and restrictions attaching to the Deferred Shares.

Resolution 3, which will be proposed as an ordinary resolution, is to authorise the Directors to allot the New Ordinary Shares in connection with the Fundraising provided that such authority shall expire on the date falling three months after the date of the passing of the resolution.

Resolution 4, which will be proposed as a special resolution, disapplies Shareholders' statutory pre-emption rights in relation to the issue of the New Ordinary Shares pursuant to the Fundraising provided that such authority shall expire on the date falling three months after the date of the passing of the resolution.

## **Action to be taken**

### *In respect of the General Meeting*

You can vote in respect of your shareholding by attending the General Meeting or by appointing one or more proxies to attend the meeting and vote on your behalf. If you appoint a proxy, you may still attend and vote at the General Meeting in person should you decide to do so.

Whether or not you propose to attend the General Meeting in person, you are requested to appoint a proxy who will be able to vote for you if you are prevented from attending.

Proxies may be appointed by either:

- completing and returning the enclosed proxy form; or
- registering an online proxy vote at [www.shareregistrars.uk.com](http://www.shareregistrars.uk.com), clicking on the "Proxy Vote" button and then following the on-screen instructions; or
- using the CREST electronic proxy appointment service (for CREST members only).

In either case, the notice of appointment of a proxy should reach the Registrars by no later than 11.00 a.m. on 29 September 2023. Please refer to the Notes to the Notice of General Meeting at the rear of this document and the enclosed proxy form for detailed instructions.

The attention of shareholders is drawn to the voting intentions of the Directors set out below.

## **Importance of the vote**

**Shareholders should be aware that if the Resolutions are not approved at the General Meeting, the Fundraising will not occur and the net proceeds of the Fundraising will not be received by the Company. If this were to happen, unless the Group was able to raise potentially more expensive and/or dilutive funds from alternative sources, the Group would not have sufficient working capital to continue to trade for the next 12 months without taking mitigating action to significantly reduce the operating costs of the Group which would in turn adversely impact the Group's ability to pursue its current strategy and its future prospects.**

**Recommendation**

The Directors consider the Fundraising and the passing of the Resolutions to be in the best interests of the Company and its Shareholders as a whole.

Accordingly, the Directors recommend that you vote in favour of the Resolutions, as they intend to do in respect of their own holdings of Ordinary Shares, totalling 7,964,285 Ordinary Shares, being approximately 1.01 per cent. of the existing issued share capital of the Company.

Yours sincerely

**David Banks**
